THE SOURCE FOR RUTHMAN COMPANIES EVENTS AND INFORMATION

Merry Christmas!

*and Happy Holidays to All!
from all of us at
The Ruthman Companies!*

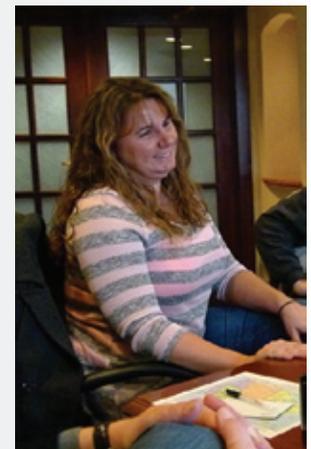

The Ruthman Family of Manufacturers

A productive meeting in November

In late November, the Ruthman Companies Corporate Sales Group held another National Sales Meeting. Great progress has been made since its inception just 5 months ago. Several new distributors have been added in key locations and sales training programs are in the works. We have also added inventory in key areas to improve lead times of some of our product lines. Cross brand cost reduction efforts are under way as well, helping us and our distribution network remain competitive in even very aggressive situations.

We wholeheartedly thank our distribution network for its continued support and efforts in the promotion of our brands. Our desire is to build upon our past successes. We wish everyone a Merry Christmas, Happy Holidays and a very successful New Year in 2015!

Gusher ANSI Pumps in Action..

Photos of an installation for an ozone generation plant in Florida using 6 Gusher stainless steel ANSI pumps. Four are 75 HP and two are 60 HP. These ANSIs pump raw well water to an ozone generator for purification for drinking water.

40 Years with Nagle...

As of the first of the year Tom Moylan, the Nagle representative covering Colorado and Wyoming, will be retiring. Tom has been associated with Nagle Pumps for the last 40 years and has been one of Nagle's sales reps for us over all this time. We wish Tom the best of luck in his retirement! This photo shows a plaque awarded to Tom at a retirement dinner.

Other News from Nagle...

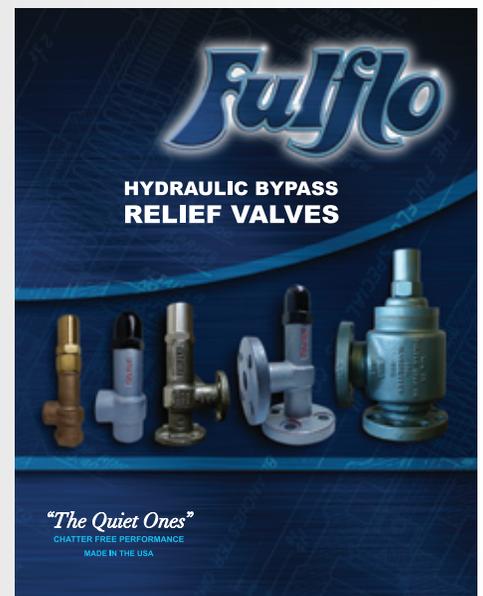

Expansion to the European Market...

Nagle has just received certification authorizing the sale of Vertical Cantilever pumps in Europe. This was prompted by Owens Illinois Co.

David Locoputo reports that Fulflo has a new OV-Series valve, which may be found in the brand new catalog.

The Fulflo web site (www.fulflo.com) has also been updated and now features an online sizing function.

Just Dropping In...

Scott Thurrott sends a photo of the fifth and final 75 HP Deming high service pump being installed by crane at a Central Florida water treatment plant. This job also included three 125 HP, 150 foot long well pumps.

PRI 2014
Indianapolis

December 11-13, 2014
Indiana Convention Center • USA

**GUSHER
PUMPS**

A RUTHMAN COMPANY

Gusher at PRI 2014...

The Performance Racing Industry Show is called "The Epicenter Of New Racing Technology". The show hosts buyers From all 50 states and 70 + countries around the world. With 1100 exhibiting companies and totaling over 3000 booths, the Indianapolis show previews more new racing products than anywhere on earth. Gusher was well represented again this year for the racing engine and dyno manufacturing industry with a great looking booth and displays designed by Gary Smith.

Represented in Russia

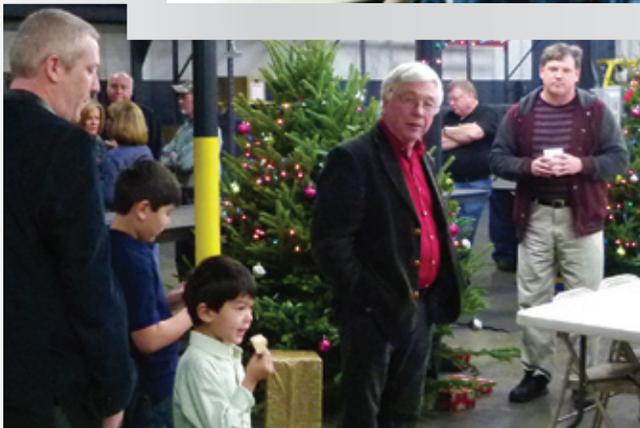

Christoph sends these photos from a Ruthmann Pumpen installation at a Ford plant in Yelabuga, Russia. These pumps (in all, 16 DIN closed coupled bloc pumps) were installed in a Mayfran coolant filtration system.

Holiday Fun at Gusher!

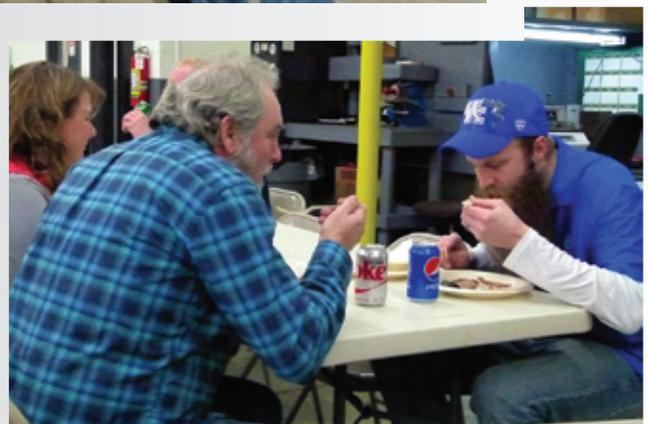

Wrapping up a great year at the annual Christmas dinner and party at Williamstown...

More Fun...

The Gusher Family sure knows how to party (and eat)!
