FPI Joins The Ruthman Family of Companies

High Volume Propeller Pumps to make a Big Splash

954.946.3066

www.fpipumps.com

At the beginning of this year, Ruthman Companies is proud to have a FPI Pumps join the Ruthman Family of Manufacturers. FPI designs and manufactures high volume pumps including Axial Flow Propeller Pumps, Trash Handling Centrifugal Pumps, and Mobile Pumps.

FPI's production facility in Pompano Beach, Florida, has maintained a long - term dedicated production and engineering staff. Each of the FPI personnel possesses a minimum of 30 years of experience in designing, manufacturing and installing high quality Axial Flow Propeller pumps. FPI produces Pumps from 8 inch to 72 inch diameter and from 2,000 GPM to 120,000 GPM and heads to 25 feet per stage. FPI designs and manufactures their Pumps in a number of drive configurations, utilizing Diesel Engine and Gear, Electric Motor, Submersible Electric Motor and Hydraulic Drive.

To assure consistent product quality, FPI is an ISO 9001 Quality Approved facility. To assure production accuracy, FPI also has a factory closed-loop test system for precise full scale or model testing to Hydraulic Institute Standards. FPI is a member of the Hydraulic Institute. To insure the quality and performance our customers expect and get, FPI's Pumps are engineered and built to order.

Vulcan Goes International

Tube 2016 a Success in Düsseldorf

In early April, Vulcan enjoyed a successful showing, along with over 1,200 exhibitors from 47 countries at **Tube 2016** in Düsseldorf Germany. The expo featured a broad overview of developments in the fields of raw materials, tubes and accessories, tube manufacturing machinery, rebuilt and reconditioned machinery, process technology tools and auxiliaries as well as measuring, control and testing technology, pipeline and OTG technology, profiles and machinery..

Gusher at ECOAT16

Great Representation for an Important Part of Our Business...

Ecoat16 was a 3 day event held in February at the Rosen Centre Hotel in Orlando Florida. This event showcased visitors around the world showing equipment, chemicals, paint, ancillary equipment and finishing applications etc. for the E-Coat painting industry. The E-coat process is best described as a cross between plating and painting. It is a process where a metal part is immersed in a water-based solution containing a paint emulsion. An electric voltage is applied to the part causing the paint emulsion to condense onto the part. Gusher 7550's and other models are essential to the process.

A highlight for everyone was visiting with Nascar Star Jeff Gordon (bottom photo). He said that he was familiar with Gusher because we pump the paint that sponsors his race team.

EXHIBITORS

TABLETOP EXHIBITORS

ACT Test Panels LLC	American Industrial Sales, LLC
AMPOR USA	Bethel Engineering & Equipment, Inc.
BEX Spray Nozzles	Calvary Industries
CelTech, Inc.	Chemical Coaters Association International
Coral Chemical Co.	The Crown Group
CTI Systems S.A.	Dinamec Systems
Elsenmann	Hendor-PE, Inc.
Henkel	Hi-Tech Flexible Products, Inc.
The Magni Group, Inc.	Nanostone Water
The Powder Coating Institute	UPS Corp.

This poster shows the companies that use E-coat paint and the manufacturers that build the E-coat equipment that were there. Gusher was the *only* Pump Manufacturer invited. Pretty awesome!

GSP, Deming, Gusher at FWRC '16

Ruthman Companies Enjoy Record Attendance...

Florida Water Resources Conference, Inc. ("FWRC") is a non-profit organization, which provides an annual educational and technical, multi-day conference servicing individuals in the water and wastewater industry. FWRC is a joint conference of the Florida Section of the American Water Works Association, the Florida Water Environment Association, and the Florida Water and Pollution Control Operators Association.

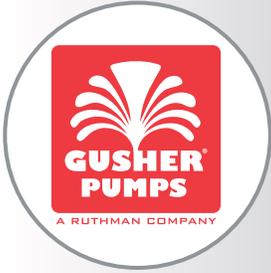

The 2015 Florida Water Resources Conference (FWRC), held May 3-6, was extraordinarily special on many accounts. Attendance was record setting, attracting over 2780 participants, and Great Southern Pump along with the 268 exhibitors on hand were pleased with the and level of booth traffic.

Radu and Joe Harris manning the "prize table". Many cool items were raffled off, including the Ruthman Company private label hot sauce and the special brew Great Southern Pump Coffee.
